ПЕНООБРАЗОВАТЕЛЬ для пожаротушения

6%

Components: Ethane-1,2-diol, CAS No. 107-21-1; 2-(2-butoxyethoxy)ethanol, CAS No. 112-34-5; 2-(2-methoxyethoxy)ethanol, CAS No. 111-77-3; Xanthan Gum, CAS No. 11138-66-2; Methanol, CAS No. 67-56-1; Remaining composition is a trade secret of ICL Performance Products LP.

The symptoms resulting from intoxication can appear after exposure, therefore, in case of doubt, seek medical attention for direct exposure to the chemical product or persistent discomfort, showing the MSDS of this product.

By inhalation: This product is not classified as dangerous through inhalation. However, it is recommended in case of intoxication symptoms to remove the person affected from the area of exposure, provide clean air and keep at rest. Request medical attention if symptoms persist.

By skin contact: This product is not classified as dangerous when in contact with the skin. However, in case of skin contact it is recommended to remove contaminated clothes and shoes, rinse the skin or shower the person affected if necessary thoroughly with cold water and neutral soap. In case of serious reaction consult a doctor.

By eye contact: Rinse eyes thoroughly with water for at least 15 minutes. If the injured person uses contact lenses, these should be removed unless they are stuck to the eyes, as this could cause further damage. In all cases, after cleaning, a doctor should be consulted as quickly as possible with the MSDS of the product.

By consumption: Do not induce vomiting, but if it does happen keep the head up to avoid inhalation. Keep the person affected at rest. Rinse out the mouth and throat, as they may have been affected during ingestion.

IN CASE OF SPILL or LEAK, contain large spills with dikes and transfer the material to appropriate containers for reclamation or disposal. Absorb remaining material or small spills with an inert material and then place in an appropriate chemical waste container. Dispose of by landfill or recycle in accordance with local, state, and federal regulations.

Emptied container retains vapor and product residue. Observe all labeled safeguards until container is cleaned, reconditioned or destroyed. The reuse of this material's container for non-industrial purposes is prohibited and any reuse must be in consideration of the data provided in the Material Safety Data Sheet.

For additional safety and health information, refer to the Material Safety Data Sheet for this product.
